

## SCHOOL POPULATION

SCHOOL ENUMERATION THIS YEAR SHOWS DECREASE OF 128.

## THE TOTAL WAS 7,978

Of This Number 7,936 Are White and 42 Are Black — Enumeration Last Year, 8,106.

The enumeration of school children of Nodaway county for this year shows a decrease of 128 over last year, according to the report of County Clerk Fred Yeomans, made to the state superintendent of schools. The number this year is 7,978. Of this number 7,936 are white, 4,056 being males and 3,880 females. There are 42 negro children—20 males and 22 females.

The enumeration last year was 8,106. The number of school districts in the county is 175. Thirty-eight of these districts have fewer than 20 pupils. There are 62 districts with 20 and fewer than 30; 56 with 30 and fewer than 50; 3 with 50 and fewer than 80; 16 with more than 80. The number of teachers employed for the full term with an average daily attendance of less than 15, is 87. There are 170 teachers and principals for the full term at a salary of less than \$1,000 per year, and there are five superintendents at a salary of \$1,000 or more.

The following high schools have applied for state aid: Hopkins, \$600; Elmo, \$640; Guilford, \$360; Skidmore, \$800; Barnard, \$720; Clearmont, \$742.50; Burlington Junction, \$800; Ravenwood, \$440.

Six rural schools have applied for rural school aid. They are Rissler, who is wanting \$121; Mt. Vernon, \$70; Griffith, \$107.25; Champion Hill, \$156; Jefferson, \$95.

The Graham consolidated school has applied for state aid of \$750 and the Parnell consolidated district applied for \$800.

## LEONARD WANTS THE BABY

Defendant in Divorce Suit Files Writ of Habeas Corpus for Possession of Tiny Daughter.

A writ of habeas corpus was filed in the Circuit Clerk's office today and will come up before Judge Dawson Saturday afternoon. The writ was filed by Floyd Leonard of Elmo against his wife, Laura Leonard and her mother, Mary Pike, and asks for the possession of Leonard's 2-year-old daughter.

Last Tuesday Mrs. Leonard filed suit for divorce in the Circuit clerk's office and asked for the custody of the minor child, Wilma Esther. She separated from her husband July 4, and took the child with her. Leonard now wants the child and asks the court to decide the question.

## NEW RECORD FOR KANSAS.

Special To The Democrat-Forum. Valley Center, Kan., July 12.—Sixty bushels of wheat to the acre is the yield of the first seven of the 200 acres on the Oren Smith farm near here. The whole acreage promises to average fifty bushels. This is a new record for Kansas.

## SHIPS 98 HOGS TO TEXAS

Bob Phillips Purchases 98 Head From Nodaway Breeders For Boys Pig Clubs at Sulphur Springs.

Ninety-eight head of Poland-China hogs from Maryville were shipped to Texas yesterday and will be given to the members of the boys' pig club which was recently formed by Bob Phillips of Sulphur Springs, Texas, to promote breeding. Mr. Phillips purchased these hogs while on a visit to this county last May, but was unable to ship them to Texas owing to the fact that they were not vaccinated. This was changed and the shipment will now be received with only single treatment given.

Mr. Phillips also took some stock in the Standard Poland-China Record Association while here. The association will pay the freight of these hogs to Texas, so the board of directors decided yesterday at their meeting. Mr. Phillips is president of the North Texas breeders' association.

The pigs were purchased by Mr. Phillips from the following breeders here: 30 head from O. J. Willhoite, 3 from Henry Foster & Son, 25 from F. P. Robinson & Co., all of Maryville; 19 from B. T. Wray of Hopkins; 5 from W. B. Gex and 10 from W. M. Weston of Graham; and 6 from Joseph Wolfer & Son of Conception Junction.

## TICKET SALE BRINGS \$1181

Success of Chautauqua From Financial Standpoint Assured by the Work of Guarantors.

The advance sale of Chautauqua tickets by guarantors for the event, which will take place the first week in August, amounted to \$1181.50. Since the amount to be supplied by the guarantors is but \$1,500 there is every indication that the Chautauqua will pay out this year.

Quite the most delightful feature of the Chautauqua this year will be the tenting facilities which will be offered to those who care to camp out during the week. Fred P. Robinson, in charge of this work, urges persons to decide at once on their groups and make arrangements to rent their tents. At the last moment there will be a great demand for these accommodations, and only fifty tents will be available.

In other years the joy of camping out has added greatly to the interest of the Chautauqua, and, no doubt, the return to the former custom will be heartily welcomed by the lovers of tent life.

## SECOND KIDNAPPING FAILS

Three Men Foiled in Attempt to Take 4-Year-Old Isabel Hughes of Springfield From Crib.

Special To The Democrat-Forum.

Springfield, Mo., July 12.—An attempt to kidnap 4-year-old Isabel Hughes, daughter of Lloyd Hughes, a business man, was frustrated early this morning. The parents awakened and saw three men standing over the baby's crib. Mrs. Hughes screamed and Mr. Hughes grappled with one of the gang while the other two ran. The wife grabbed the child and ran up stairs. Hughes was struck on the head and rolled under the bed. The third man then escaped. The circumstances were similar to the Keet kidnapping.

## SAYS HUSBAND LEFT HER

Edith R. Carey Asks For Divorce From Benjamin Franklin Carey and Wants Maiden Name Restored.

Desertion is the charge set forth by Edith R. Carey in her petition for divorce from Benjamin Franklin Carey, which was filed in the office of Circuit Clerk today, through Shinabargar, Blagg and Ellison, attorneys.

Mrs. Carey says she was married December 18, 1912, and lived with her husband until July 4, 1916, when he left home and refused to return. She asks that her maiden name, Edith Hayworth be restored.

## SAMMIES MARCH THRU FRANCE.

Special to The Democrat-Forum.

American Headquarters in France, July 12.—The American troops traveled through France enroute for a permanent base today. Their trip was a triumphant procession, and they were received everywhere with cheers, flags, flowers and presents.

T. R. D. Wolf, Mrs. D. A. Sargent, and Mrs. Ed Donlin of Hopkins are among the out-of-town people in Maryville today.

## DRAFT REGULATIONS

REVISED CENSUS ESTIMATE USED TO GET STATE'S APPORTIONMENT

## LEARN SERIAL NUMBERS

If Young Man Is Drawn He Will Receive Notice to Appear Before Exemption Board.

Special to The Democrat-Forum.

Washington, July 12.—A so-called revised census estimate for the entire country, compiled on the basis of the draft registration, will be used for determining apportionments. Each city or state must furnish 9.32 per cent of its paper population. Missouri's population was figured at 3,240,579.

The first 687,000 young men will be selected some time next week. The registrant must learn his serial number. If it is drawn, he will receive notice to appear on a certain day for physical examination.

## If a Man Passes.

If he passes the examination he has seven days in which to file a claim for exemption, if he has dependents. He has ten days more to file the affidavits, and copies of all the blanks can be had at the exemption office of his district. If he claims an exemption because of industry, he can get the blanks there to present to the district board. The boards will do the rest.

Provost Marshal General Crowder called special attention today to the provision for "absentees." If a person who is out of the city and will be out of the city for some time is drawn, he waits until after the drawing and then sends an application to his home board to have his case transferred to the city in which he is living. He can take his physical examination and make his claim for exemption there. That board will pass on his case and certify the result back home. But he must wait until he is drawn before asking for a transfer.

## Duty to Claim Exemption.

General Crowder emphasized that the provision calling upon the person who has dependents to claim an exemption and file affidavits supporting his claim did not place any onus on the individual. The government, he said, wanted all persons who have actual dependents on their labor to present this claim—that it was their duty to do so. Failing to do so, however, he pointed out that the wife or a third party, even, knowing the case, could call the board's attention to the case by filing the claim. The purpose of the government, it was explained, is not to force persons who should stay at home into the army, but to compel every person who has no valid excuse for not going to war to serve if he is drawn.

## NEW RULING ON DRAFT.

Washington, July 11.—General Crowder issued a ruling today which will allow men chosen who are away from home to appear before the exemption boards nearest them for an examination.

## LOCAL GUARDS TO FORT SILL.

Final Selection of Missouri-Kansas Training Camp Made.

Special To The Democrat-Forum.

Washington, July 12.—Another change in plans for the camp for the Missouri-Kansas division of the national guard, due to a re-adjustment of railroad routings, has been announced. Under the present schedule the Kansas-Missouri division will train at Fort Sill, Okla., as originally announced, instead of at Denning, N. Mex. The Minnesota, Nebraska and Iowa division will train at Denning, N. Mex., instead. This selection will stand, it was stated.

## Return from Kirksville.

Halbert Catterson, Jr., who has been to Kirksville, where he had an operation performed on his throat, returned to Maryville Saturday with his mother, Mrs. Hal Catterson. While in Kirksville, Mrs. Catterson was a guest of Dr. and Mrs. George Still and Dr. and Mrs. S. S. Still. Mrs. Catterson and her son also stopped in Centralia, where they visited with their cousin, R. B. Roberts and family.

## Indians Give Squaws Vote.

Remidji, Minn., July 12.—The Chipewia Indians in council voted 2 to 1 to give the squaws the vote. Cora Coffey, a stenographer on the reservation led the fight for suffrage.

## ENJOYS BIG GROWTH

POLAND-CHINA ASS'N SHOWS A GREAT BUSINESS INCREASE.

## DIRECTORS HEAR REPORT

If Business Continues Good, A 10 Per Cent Dividend Will Be Declared On the Stock.

The Standard Poland-China Record

association has enjoyed a big growth in its business from January 1 to July 1, as compared to a corresponding period of last year, according to the report of Secretary Frank Garrett to the board of directors of the association, which met in Maryville yesterday. If business should continue as good the next six months, the directors voted yesterday to declare a 10 per cent dividend on the par value of the stock. This will be the first dividend declared by the association since 1902.

Last year was the biggest year the association ever had but this year so far has even exceeded that. The number of boards and sows recorded this year was 9,972 as compared to 8,708 last year, making a total net gain in animals recorded of 1,264.

The number of shares of stock sold was 72, while for the corresponding period last year it was 45.

The net gain in receipts was \$1,732.69. The receipts for recording, supplies, etc., this year was \$8,437.74 and last year it was \$6,705.05.

The resignation of Walter W. Head as a director, who recently moved from St. Joseph to Omaha was tabled by the board and they extended a vote of thanks to Mr. Head for his services. The reason for the resignation of Mr. Head was his removal from Missouri. There should be three members on the board from this state, and there are only two now. This will be taken up at the annual meeting of the association in January.

Other routine matters were discussed by the board.

## ARE PUSHING BRIDGE WORK

Two Bridges Nearing Completion and One Is Started by Workmen In the County.

Bridge work in the county is being pushed as rapidly as possible in order to insure safe travel on all of the highways. A gang of workmen are now building a steel bridge with concrete base at the Joe Miller place, north of Maryville.

The finishing touches have been put on a 40-foot wood span on a bridge, five miles northeast of Clearmont. Another bridge will be started today in Lincoln township, eight miles northwest of Elmo.

## STRAIGHTEN FOOD TANGLE

President Wilson Will Try at Request of Senate Leaders Who Say the Present Bill Won't Pass.

Special To The Democrat-Forum.

Washington, July 12.—President Wilson will again be asked to straighten out the tangle over the food and liquor bill in the senate. This was decided at a meeting of the senate leaders after it became apparent that the bill will never pass in its present form.

Senator Martin intends to confer with President Wilson and to learn his views.

## SMALL MEN GOOD SOLDIERS

Revised Opinion of War Dept. Results in Opening Army Ranks to Undersized Recruits.

Special to The Democrat-Forum.

Washington, July 11.—Small men make as good soldiers as big men in the revised opinion of the war department, which has instructed recruiting stations to open the ranks of the regular army to men no more than five feet one inch in height and who weigh only 110 pounds.

The order was issued on the basis of a recommendation made by Surgeon General Gorgas, who advised that good men were being kept out by the minimum height and weight of five feet four inches and 120 pounds.

The new orders will have a wide effect in national guard recruiting and probably selections for the regular army. Regular army standards govern both of these services in a general way.

## URGENT COAL BUYING FOR COUNTY FAIR

MARYVILLE DEALERS SAY NOW IS THE TIME TO STOCK CELLARS.

## PRICE WON'T GO DOWN

Lack of Facilities for Transportation and of Labor Will Cause Shortage Again This Fall.

"Buy your coal now," is the advice of Maryville coal dealers, who will give no assurance that the prices on coal will be any lower as time goes on.

Dealers in general do not look for any reduction in the price of coal in the fall, but they do expect a shortage of coal because of a possible lack of labor and facilities for transportation.

One coal dealer said this morning that he had not given out any word to the public regarding the possible rise in the price of coal but that he had spoken to all of his best customers and had advised them to stock up their basements with a winter's supply. In this way they could not only protect themselves from the increased price, but they would help to relieve the pressure during the cold weather and allow persons who could only buy one ton of coal at a time to be the purchasers of the supply.

The coal dealers report a large sale of coal to those who can afford to buy ahead. Some persons have their basements stocked with the commodity, but when they do this they are advised to buy only the best grades of coal because of the slight danger of fire.

Coal has gone higher in the last week or so, due to lack of transportation facilities and to the scarcity of labor. Dealers generally do not believe that there is much chance that the government regulation will reduce the price of coal in this district. In fact, one coal dealer claims that the wholesale price of coal has raised from 25 cents to 50 cents a hundred since the price on the coal was fixed by the Council of Defense and the other members of the commission.

If the orders for coal are placed early enough by the persons who can afford to put in their coal, there will be no trouble next fall, but if the people wait until the crop moving time to order their coal, the chances are that no coal can be moved due to the shortage of cars. That will also be the time when the drafted army will be transported, which will add another difficulty to the situation, say the dealers.

Polk Township Fund Is \$6,926.19. The Red Cross fund in Polk township is lacking \$406.81 of its allotment, according to the latest figures given out by Fred P. Robinson, secretary of the chapter. The total for the county is now \$6,926.19.

## TROOPS FOR IDAHO

REGIMENT AT SERVICE OF GOVERNOR TO END REIGN OF TERROR.

## I. W. W. CAUSES TROUBLE

Fifty Washington Members Arrested on Charge of Interfering With Crops Harvesting and Logging.

Special to The Democrat-Forum.

Washington, July 12.—The regular troops are now at the service of the governor of Idaho to put an end to the reign of terror in the northern part of the state, the war department announced today. The reports said that the I. W. W. were spreading terror throughout the northwest, paralyzing industry in some places.

## Situation in Bisbee.

Bisbee, Ariz., July 12.—Fifteen armed citizens rounded up thousands of I. W. W.'s and corralled them in a baseball park. All stores are closed and the town is armed for emergency. The I. W. W.'s are being loaded into box cars for shipment.

## 50 Under Arrest in Washington.

Ellensburg, Wash., July 12.—Fifty I. W. W.'s are under arrest charged with interfering with crop harvesting and logging. Soldiers made the arrests.

## To Discuss Situation.

## TOM FLEMING NOT FOUND

Young Andrew County Farmer Who Disappeared Monday Has Not Been Heard From, Relatives Say.

Tom Fleming, the young Andrew county farmer, whose mysterious disappearance is baffling his relatives today, has not yet been heard from. His father, W. C. Fleming, his brother, Dale Fleming and John Tuttle, all of whom were in Maryville yesterday searching for the young man, returned to their homes last night without any clue that would lead to the discovery of his whereabouts.

The police at St. Joseph and other places of Northwest Missouri were notified, but have sent in no word as yet.

Young Fleming had on dark colored trousers, a work shirt and wore no coat when last seen. No reason for his disappearance can be given by his relatives as his home relations were of the pleasantest. It is thought that he may have become overheated working in the sun and that his mind became affected. A few years ago he wandered off and was gone several days, when he was found by a searching party in some woods near Fillmore.

Roy Lyle of Burlington Junction, Solon Clark and Walter Wray of Maryville went to Kansas City yesterday to bring back Dodge and Haynes cars.

## GIVES \$2,000 TO CHURCHES

H. A. Smith, Who Died at Clyde Sunday Leaves Farm to His Sister in His Will.

One thousand dollars to the Immaculate Conception church at Conception to be used for the cemetery, and \$1,000 for St. Benedict's church at Clyde were two of the bequests in the will of Henry A. Smith, who died at Clyde Sunday. In addition to this, he left his farm, near Clyde to his sister, Sibbie Garrard, and the residue of his estate to J. J. Enis, a life-long friend.

The will was dated June 4, 1917, and

was witnessed by Leona B. Enis and James M. Enis.

To Examine Prospective Officers. Special to The Democrat-Forum.

St. Louis, July 12.—Three Missouri examining boards created recently by the War Department will begin a tour of the state Sunday, examining applicants for the new officers' reserve corps. The new officers training camp will open August 27 at Fort Riley.

Applications must be received by Sunday to be accepted, it was announced. It is believed examinations will be completed before August 15.

S. O. Keever of Skidmore is among the out-of-town people in Maryville today.

## The Modern Spirit

of co-operation, the spirit which animates all successful business, prevails in the organization of our Federal Reserve Bank.

We own stock in it. We keep our reserve cash in it. We have a voice in electing its directors and through them in choosing its management. It is our bank, and its resources enable us at all times to meet the legitimate banking requirements of our community.

You, in turn, can co-operate with us in maintaining the Federal Reserve Banking System, and at the same time share in its benefits and protection, by becoming one of our depositors.

## ASKED TO REGISTER

LISTING OF WOMEN FOR WAR  
WORK NOT COMPULSORY

## THERE IS NO AGE LIMIT

Most Women Will Regard It as Obligation to Do Part for Country, Leaders Believe.

Every woman in Missouri will be asked to register for service on July 28, so her name will be listed among the women of America who desire to help win the war. Registration will be conducted under the auspices of the Women's Committee (Missouri Division), National Council of Defense and will be under the direction of Mrs. Frank P. Hays of St. Louis, chairman of registration for Missouri. It will be conducted by wards and precincts, following the lines of the recent draft registration of men on June 5, but will have several vital points of difference from that registration.

Important among these are the facts that the registration is not compulsory, that there is no age limit, and that every woman in the state is eligible to register. Registration of women cannot be made compulsory in a non-suffrage state, but most women will regard it as obligatory upon them to announce themselves ready to do their part for their country in the present crisis, members of the Women's Defense Council believe.

The registration of women for service carries no legal obligation. It does not compel the women registering to do the thing for which they have registered except as any promise to perform binds the person giving the promise. The purpose of the registration is to list, classify and catalogue the women of the country, so that in time of need it will be possible to find those best fitted to do certain work. Each woman registering is asked to state the kind of service she prefers to perform, also what kind of work she knows best how to do. Home work, professional work and skilled labor, all are equally important. The registration cards, if filled out properly, show the age, previous experience, education, nationality, financial condition, and other important facts concerning the signers, and will be a complete index of the women of the United States.

On the same day on July 28, same place and time, the Woman's Committee of the State Council of Defense, will take registrations on the Hoover pledge. The Hoover pledge is mainly for the housewives who will pledge themselves on the Hoover card to conserve food, and in fact to conserve in every possible way.

The census of 1914 shows 1,800,000 women in Missouri. The Council of National Defense expects that all of these will register, and many more, as even children can serve in these stressful times. The conservation of food, Red Cross service, conservation of health, and many other departments are covered by the Council of National Defense. A woman need not be in business to register. Home service, home economics, the welfare of children, count for just as much in sound government as the public speaker or the woman in the vocational field.

To help finance the work of the Woman's Committee, a voluntary registration fee, in any amount from one cent and up, will be asked with each registration.

The following occupations are recommended by the department:  
Agricultural—Dairy, farm, fruit growing, gardening, poultry raising.  
Clerical—Bookkeeping, filing and indexing, stenography, telegraphy, wire or wireless, telephone, typewriting.

Domestic—Care of children, cooking, housekeeping, laundress, mending, sewing, waitress.

Industrial—Clerks (stores), factory—trade? factory inspector, handicraft—kind? janitress, needle trades.  
Professional—Dietitian, doctor, interpreter, journalist, lawyer, lecturer, teacher.

Red Cross and Allied Relief—Dietitian, first aid, home nursing, hospital attendant, hospital nursing, surgical dressing, trained nurse.

Social Service—Camp work, charities—district nursing, hospital, investigation, playgrounds, protective association, settlement.

Miscellaneous—Other knowledge or skill of possible value to the government.

## GREAT CONTRALTO SINGER HAS BEEN SECURED FOR A CONCERT

The announcement that Elsie Baker, America's foremost contralto, has been secured for an afternoon concert at Chautauqua marks another step forward for the Redpath Vawter System and broadens the field of activity for the great artists. Through the years the standard of the music and entertainment offered from the Redpath Vawter platform has been gradually strengthened as the people came to care for the better things and the engagement of Elsie Baker is but the natural step in the upward trend of Chautauqua programs.

Elsie Baker

A VICTOR STAR

It is said that Elsie Baker has made more records for the Victor people than has any other individual artist. Regardless of this fact, it is certain that her records, especially the ones of the old heart songs, have gladdened and sweetened countless homes. Miss Baker's beautiful contralto voice, rich in sympathetic quality, is just the kind that touches the human heart strings and gives the old songs of other days an added beauty.

### WIDE RANGE OF VOICE

Elsie Baker is a thoroughbred American. She was born in this country of American parentage, and has done all of her studying here. She began her musical career as a choir girl in Philadelphia. Her voice attracted unusual attention and upon the advice of friends her people sent her to New York for study. Since her very entrance into Metropolitan musical circles she has been a favorite. Her voice is one of those rare contraltos that enables its possessor to sing a wide number of roles and music of every known school. The upper range of her voice has the sweetness of the mezzo-soprano.

### All Stars Defeat the Giants.

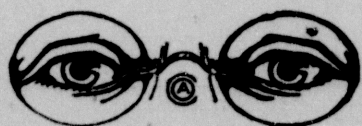

The young Maryville All-Stars defeated the Western Giants yesterday at the Normal grounds by a score of 14 to 6.

The batteries for the All-Stars were Kiegan and Rigney, and for the Giants were Wolf, Fannen and Ferritor.

Wolf showed bad work in the seventh. The line-up for the All-Stars was: Laughlin, 2b; Arnett, 3b; Rigney, 1f; Harman, 1b; Rigney, c; Lahr, ss; Keigan, p; Albert Miller, rf; Miller, cf. Leo Halasey was the umpire.

Miss Azella Bastford of Maryville left today for Waterloo, Ia., where she will spend her vacation with her brother, Mark Bastford.

### INVEST IN OIL.

See Our Representative at the Linville Hotel, Friday and Saturday.

The Western States Petroleum company affords you an opportunity that is seldom met with. Whether you grasp it or not is entirely up to you. We can only explain what we have to offer and assure you that had we not been convinced of the big future of this company we would not have placed our own money in it.

The Western States Petroleum company is incorporated under the laws of the state of Wyoming, with a capital stock of \$200,000. Every share of stock carries a par value of one dollar. That means that the profits will have to be divided between only a few shareholders—each receiving a lion's share. Compare this small stock issue with that of companies with enormous capitalization and small par value and you will see that the small investor in this company has many times the chance to realize big from his holdings.

Our rig is bought and all paid for and only a small amount of money is needed to start drilling. Every dollar we receive from the sale of stock will be used in operating and as soon as the oil is struck the stock will be withdrawn from the market, for it will be too valuable to be sold to the public.—Adv.

### A SURVEY OF OUR RURAL SCHOOLS.

Gov. Gardner has directed State Superintendent of Public Schools Lamkin to undertake a survey of the rural schools of Missouri. The purpose is to make an official record of those deficiencies which have caused Missouri's rural schools to be classified as the thirty-second in efficiency among the schools of the various states, and the Superintendent is given a year to do the work.

The survey would be valuable, of course, except as a preliminary to a vigorous effort for raising standards. Whatever the details that evidence inadequacy to the work our schools ought to do, educational efficiency will be found largely a matter of money. Only poorly equipped, incompetent teachers will be available in districts where revenues are insufficient to provide more pay than the average paid to farm hands. Even teachers of fair ability are handicapped in obtaining desired results without proper buildings and the usual educational aids and appliances. Our State subsidy to common school is absurdly small. The reason all other states of Missouri's rank stand higher in school efficiency is because they provide a more generous fund.

Missouri must reconcile itself to the necessity of doubling its State school fund. In moving toward an increase in the appropriation, a survey showing our actual needs will serve an excellent purpose.—St. Louis Post-Dispatch.

### ACT QUICKLY.

Delay Has Been Dangerous in Maryville.

Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger Doan's Kidney Pills are most effective.

Plenty of Maryville evidence of their worth.

Mrs. K. E. Ratcliffe, 816 N. Walnut St., Maryville, says: "Every morning I used to get up with the most terrible backaches. It seemed as though my back would break. My head ached a great deal and I was awfully dizzy, too. My kidneys acted so frequently that my rest was disturbed many times during the night. I saw Doan's Kidney Pills so highly recommended that I got some at Love & Gaugh's Drug Store. They proved highly successful and removed the trouble. It hasn't been necessary for me to use a kidney medicine now for over four years."

## A BOLD ATTEMPT

By ETHEL HOLMES

At 5 o'clock in the afternoon Mark Trevor locked his desk and went home. Having let himself in with his latch-key, he went upstairs stealthily, for it had occurred to him to enter his wife's room quietly, and if her back were toward him he would put his arms about her and surprise her with a kiss.

From this it will be supposed—and correctly—that Mr. and Mrs. Trevor had not been long married.

Cautiously pushing the door open, he saw standing before a dresser, hunting in one of the drawers, a woman. In another moment she caught sight of his reflection in the mirror. Turning, she faced him.

"Madam," he said, "what are you doing here?"

"I came for your wife's jewels. But since I have not found them and have been interrupted in my search I will put in operation a scheme which I devised and for which I prepared before coming here in case I should fail in obtaining the jewels. Your wife is not in the house. I left her some ten minutes ago at the door of a friend of hers with whom she was exchanging a few last words before parting. Knowing the disposition of my sex to prolong those few parting words, I believed I would have plenty of time to come here and at least make a beginning."

Opening a reticule, she took out a bit of paper and handed it to Trevor. It was a note for \$1,000.

"Sign it," said the woman.

"I will do no such thing."

"Yes, you will when you have heard my reasons why it would be best for you to do so. Your wife will be here in a few minutes." She had got between Trevor and the door, locked it and put the key in her reticule. "She will find you locked in here with me. I will plead guilty and ask her forgiveness. Your domestic happiness will be ended."

Unfortunately for this part of the woman's plan, at this moment the front door was heard to close. Mrs. Trevor had finished the "few parting words" with her friend and reached her home. Ascending the stairs, she attempted to open the door of her room and found it locked.

"Open the door," said Trevor sternly. The woman produced the key and did as she was directed. Trevor threw open the door. The woman cowered in a corner, affecting shame and contrition. Mrs. Trevor stood looking from one to the other, first with amazement, then with pain.

"Oh, Mark," she wailed, "how could you?"

"This woman"—Trevor began, but the criminal stopped him.

"Forgive me, Mrs. Trevor," she said. "I have injured you in stepping in between you and your husband. Mark loved me before he ever saw you. He really belongs to me rather than to you. He will deny what I say. He will give his own explanation of my being here. He will lie to you, as he has lied to me. Believe him if you will, but I assure you he is not to be believed."

Mrs. Trevor cast an appealing glance at her husband. It pleaded with him to set himself right, though convicted by overwhelming evidence.

"Eileen"—he began again, and again the woman drowned his words.

"Don't listen to him," she said. "I will tell you the true story in a few words. Several years ago he found me an unsuspecting country girl. His words were very sweet. He told me that in me he had met his fate, of all the girls he had ever met I was the only one to whom his heart—"

At this point the woman began edging around toward the door. Mrs. Trevor shrank away before her, leaving the way clear. Trevor stood overwhelmed, paralyzed with the self confessed thief's unblushing assurance. Then the wife found voice to say to the woman:

"Leave!"

"I obey you. I leave you with the man who has blighted my life. Would that you had been left in ignorance of his true character! Never again will I—"

She was about to back out of the door when Trevor sprang forward, closed it, turned the key and put it in his pocket.

"You will never again play such a bold game with me, for I shall put it out of your power to do so. Give me that reticule."

The woman turned pale. She grasped the reticule the tighter.

"Eileen," said Trevor, "take the bag from her. I don't wish to use force with a woman."

"What do you wish with it?" asked the wife.

"It contains the proof that this woman is loving blackmail."

Eileen advanced toward the woman, who, opening the bag, took out an ivory handled pistol and leveled it at her adversary. Eileen drew back, but her husband, ignoring the weapon, advanced to the thief and took the reticule out of her hand; then opening it he took out the unsigned note. After explaining the woman's scheme to Eileen and convincing her of his innocence he unlocked the door and told her to go and telephone for the police.

Trevor stood guard over the woman till the arrival of a patrol wagon from a police office, and she was removed to the city jail to await trial on a charge of levying blackmail.

Peace returned to the Trevor family, and the blackmailer was sent to serve a term in state prison.

## I. O. O. F. TO BARNARD

**Twenty-Two Members of Local Lodge Attend Program and Initiation Work Today.**

Twenty-two members of the I. O. O. F. left this afternoon in cars for Barnard, where the quarterly meeting of the Nodaway County association is being held. The afternoon was devoted to a business session, held in the South Methodist church, during which officers for the quarter were elected, and a talk was made by the Grand Master of the lodge, A. G. Hartley of Kansas City. Several readings and musical selections were also in

order.

The evening session will be devoted to initiation of a class from all parts of the county, the full lodge work being given. Members from all towns of the county were in attendance. A partial list of those who went from Maryville follows:

Noah Stipes, John Vert, Frank Orcutt, Ira Bailey, Dr. K. R. Malotte, Jacob Moore, Frank Manley, Eugene Rathbun, John Touhey, Amos Sprecher, William Helpley and Bert Harrison.

Mr. and Mrs. Chalmers Loomis of Ravenwood announce the birth of a son, Monday, July 9.

## Good Printing

The kind of printing that pays dividends is the kind you should have. Pale, muddy, poorly arranged printed matter is worse than none. The quality of your business is judged by the quality of your stationery—inferior printing gives an impression of cheapness that is hard to overcome, while good printing carries with it a desirable suggestion of quality.

We produce only **QUALITY PRINTING**. Whether you want an inexpensive handbill or a letter head in colors, if you order it from us you will be sure of getting good work. We have the equipment and the "Know How" that enables us to get out really good printing—printing that impresses people and the good taste of its users. That is the only kind of printing that pays.

## DR. NAN SPERRY REAL REFORMER

Assistant Labor Commissioner  
of Missouri at Chautauqua

### SHE HAS THE FACTS

Speaker Is Not a Theorist. She Has Worked in the Sweat Shops and Factories of the City

Every girl in this community, and the father and mother of every girl, should make an extra effort to hear Dr. Nan Sperry lecture at Chautauqua. Dr. Sperry is Factory Inspector of Kansas City and Assistant Labor Commissioner of Missouri. She knows the trials and the temptations which are placed in the path of the girl from the

Mrs. Nan Sperry

country and smaller towns who go to the city to work.

### WARNS THE GIRLS

Dr. Sperry does not come as a theoretical sentimentalist to prate about the "cruel, cruel world." She comes as an authority on the social problems which confront the girls and women in industry. Her information comes from facts gathered from personal experience. She knows what she is talking about.

She has been responsible for the enactment of much social legislation in Missouri.

## GOV. WILLIS IS LEADING ORATOR

Former Ohio Executive Ranked  
Best Republican Orator  
NOMINATED BURTON

Frank B. Willis, former governor of Ohio, who is to deliver an address at Chautauqua, is considered to be one of the foremost orators in the ranks of the Republican party. His speech nominating the Hon. Theodore Burton of Ohio for the presidency at the Chicago convention in 1916, was the oratorical masterpiece of the convention and secured for Mr. Willis himself four votes for the nomination although his name had not been presented.

### PATRIOTIC SPEAKER

Sunday evening, April 15, 1917, the Hon. Mr. Willis addressed the Chicago Sunday Evening Club in Orchestra hall. This club meets every Sunday night during the winter and spring

GOVERNOR FRANK B. WILLIS of Ohio.

and has been addressed by the leading men of the nation. On the occasion of Gov. Willis' address the great auditorium and all of the balconies were filled. Chicago papers next day described his address as one of the "most masterful speeches in the history of the Sunday Evening Club." His subject, "The National Spirit," was intensely patriotic. Much of the material used in that address will be included in his Chautauqua lecture.

### A SPLENDID RECORD

Gov. Willis was for a number of years a member of the faculty of Ohio Northern University. He was elected to the United States congress and served two terms, acquitting himself in a manner which brought honor to his state and made him the logical party nominee for the governorship. Native ability, scholarly attainment, thorough experience in large affairs of state and nation coupled with a fundamental democracy of spirit—these are the characteristic of Ohio's former executive.

## Doney Bush, Tiger Shortstop

Among the shortstops of the American league none has a better record for reaching first base than Owen (Doney) Bush of the Detroit team. Although not a heavy batter—none of the smart shortstops of the American league are

OWEN BUSH.

so considered—Bush is a marvel in getting on the initial sack. Jennings, disgruntled over the poor showing of his Tigers, displaced Bush from the top of the batting order, which he had held since joining the team. Hughes, however, soon changed his mind, and Bush is again lead off man. If the rest of the Detroit team was playing as well as Bush the Detroit would be higher up in the standing of the clubs.

### Jack Murray Released.

Outfielder Jack Murray has been unconditionally released by the New York Giants under the "ten years' service" rule, which says that a major league player of ten years' experience cannot be sent to the minor leagues without his consent. This is the second time that Murray has been released by the Giants under the same rule. After he got his first release from New York Murray signed with the Cubs. Later he was released to Toronto of the International league, where he played brilliant ball. Murray secured his unconditional release from Toronto last winter, presumably to accept the management of a minor league club, but later signed with the Giants.

### Brainard a Slugger.

Freddie Brainard, who was tried out at third base by McGraw last season, bids fair to be the leading long distance hitter of the International league this season. Brainard now is a member of the Montreal club, playing at second base.

### Certainly Not.

Mr. Liberty—I'm going to get you a piano, dear.

Mrs. Liberty—Oh, yes, you say you are, but your gifts always have strings to them.

"Well, you wouldn't want a piano without strings, would you?"—St. Louis Post-Dispatch.

## Cottage Cheese a Cheap Substitute For Meat

Cottage cheese is richer in protein than most meats and is very much cheaper. Every pound contains more than three ounces of protein, the chief material for body building. It is also a valuable source of energy, though not so high as foods with more fat. It follows that its value in this respect can be greatly increased by serving it with cream, as is so commonly done.

The following recipes illustrate a number of ways in which cottage cheese may be served:

Cottage Cheese Rolls.—A large variety of rolls suitable for serving as the main dish at dinner may be made by combining legumes (beans of various kinds, cowpeas, lentils or peas) with cottage cheese and adding bread crumbs to make the mixture thick enough to form into a roll. Beans are usually mashed, but peas or small lima beans may be combined whole with bread crumbs and cottage cheese, and enough of the liquor in which the vegetables have been cooked may be added to get the right consistency, or instead of beans or peas chopped spinach, beet tops or head lettuce may be added. Bake in a moderate oven, basting frequently.

Boston Roast.—A pound can of kidney beans or equivalent quantity of cooked beans, one-half pound of cottage cheese, bread crumbs, salt. Mash the beans or put them through a meat grinder. Add the cheese and bread crumbs enough to make the mixture sufficiently stiff to be formed into a roll. Bake in a moderate oven, basting occasionally with butter or other fat and water. Serve with tomato sauce. This dish may be flavored with chopped onions cooked in butter or other fat and a very little water until tender

## "OVER THERE"

The Thrill and Hell of the Trenches Described by an American Boy

We have secured a series of six articles by Sergeant Alexander McClintock of Lexington, Ky., and the Canadian army. He has a gripping tale that every American will read, for he tells the facts, unadorned. Wounded, a Distinguished Conduct medal man, he was invalided home, but is going "Over There" again to fight for Uncle Sam and his allies.

Feb. 14, 1917.

Sergeant Alexander McClintock served in the Eighty-seventh Battalion Canadian Grenadier guards from September, 1915, until November, 1916, the last four months of that time at the front in France, where he gained the Distinguished Conduct medal by his devotion to duty and bravery under fire.

As his former commanding officer I can testify as to his good qualities, and I consider he would make a valuable officer.

(Signed) F. S. MEIGHEN,  
Brigadier General, Commanding Canadian Training Division, Bramshott.

NO. 1.—In Training. How the men are finally brought to the firing line. A description of conditions that our own boys and their parents will read eagerly.

NO. 2.—The Bomb Raid. The great preparations and rehearsing for this attack. Volunteers for the job taken behind the line where the German trenches are exactly reproduced. The days of preparation. Heretofore unwritten detail of modern trench raids. This article concludes with the men going out to their job.

NO. 3.—Over the Top and Give 'Em Hell. The English Tommy's battle cry as he breaks from his trench. The bomb raid and what happened. Of sixty that started forty-six failed to return because the Germans had prepared and mined the trench. Graphic description of Sergeant McClintock's terrible experience.

NO. 4.—Shifted to the Somme. Sergeant McClintock takes part in the greatest of

all battles and tells of the hell of it. "The front in Belgium was really a rest sector in comparison with it," he says. The extensive preparations of the allies for open warfare afterward abandoned because of the failure of expected developments.

NO. 5.—Wounded in Action. This article describes the terrible fight, the dead and dying, the loss of a pal and the final falling of McClintock in No Man's Land. Simply told, it is one of the most remarkable descriptions of a battle by a participant ever put together.

NO. 6.—Decorated For Bravery; Home and Uncle Sam. This concluding article of the series relates in detail how England cares for the wounded. How the king and queen came to the bed of an American boy and decorated him in a London hospital for gallantry. Interesting, intimate and amusing incidents told by and of the wounded Tommies. Trying to fight for Uncle Sam.

We will print one article each week for six weeks. Watch for the first installment.

## BOHUMIR KRYL'S GREAT BAND MAKES THIRD SUCCESSIVE TOUR

Famous Cornetist and His Bohemian Artists Return at  
Demand of People Over the Chautauqua Circuit

### PLAY PATRIOTIC NUMBERS

National Aids Will Not Be Lacking on Program—Kryl Has Established a Standard for Chautauqua Band Music

Bohumir Kryl and his famous Bohemian band will tour the Redpath Vawter Chautauqua circuit this season for the third successive time. Kryl and his musicians have established a standard in band music throughout the entire Redpath Vawter territory and indications are that the great cornetist has this season assembled the strongest organization he has ever directed.

### A GREAT BAND

Although it is not customary to repeat even the best attractions for successive years it was found absolutely necessary to do so in the case of Kryl's organization. The demand for Kryl's return was practically unanimous from

the towns over the circuit. It is generally conceded that Kryl's band is one of the three great bands of America. It would have been impossible to have secured another organization which even approaches the famous Bohemian band in music making qualities.

Patriotic airs will not be lacking in the Kryl program this season. Although most of the program will be made up of the great descriptive numbers from the realm of the classics, nevertheless, there will be music in keeping with the spirit of the day and we may all expect to experience those patriotic thrills which a great band, playing the national airs, can produce.

The fifth day of Chautauqua will be "Band Day." There will be concerts both afternoon and evening.

## SCHOOL POPULATION

SCHOOL ENUMERATION THIS YEAR SHOWS DECREASE OF 128.

## THE TOTAL WAS 7,978

Of This Number 7,936 Are White and 42 Are Black — Enumeration Last Year, 8,106.

The enumeration of school children of Nodaway county for this year shows a decrease of 128 over last year, according to the report of County Clerk Fred Yeomans, made to the state superintendent of schools. The number this year is 7,978. Of this number 7,936 are white, 4,056 being males and 3,880 females. There are 42 negro children—20 males and 22 females.

The enumeration last year was 8,106. The number of school districts in the county is 175. Thirty-eight of these districts have fewer than 20 pupils. There are 62 districts with 20 and fewer than 30; 56 with 30 and fewer than 50; 2 with 50 and fewer than 80; 16 with more than 80. The number of teachers employed for the full term with an average daily attendance of less than 15, is 87. There are 170 teachers and principals for the full term at a salary of less than \$1,000 per year, and there are five superintendents at a salary of \$1,000 or more.

The following high schools have applied for state aid: Hopkins, \$600; Elmo, \$640; Guilford, \$360; Skidmore, \$800; Barnard, \$720; Clearmont, \$742.50; Burlington Junction, \$800; Ravenwood, \$440.

Six rural schools have applied for rural school aid. They are Rissler, who is wanting \$121; Mt. Vernon, \$70; Griffith, \$107.25; Champion Hill, \$136; Jefferson, \$95.

The Graham consolidated school has applied for state aid of \$750 and the Parnell consolidated district applied for \$800.

## LEONARD WANTS THE BABY

Defendant in Divorce Suit Files Writ of Habeas Corpus for Possession of Tiny Daughter.

A writ of habeas corpus was filed in the Circuit Clerk's office today and will come up before Judge Dawson Saturday afternoon. The writ was filed by Floyd Leonard of Elmo against his wife, Laura Leonard and her mother, Mary Pike, and asks for the possession of Leonard's 2-year-old daughter.

Last Tuesday Mrs. Leonard filed suit for divorce in the Circuit clerk's office and asked for the custody of the minor child, Wilma Esther. She separated from her husband July 4, and took the child with her. Leonard now wants the child and asks the court to decide the question.

## SHIPS 98 HOGS TO TEXAS

Bob Phillips Purchases 98 Head From Nodaway Breeders For Boys Pig Clubs at Sulphur Springs.

Ninety-eight head of Poland-China hogs from Maryville were shipped to Texas yesterday and will be given to the members of the boys' pig club which was recently formed by Bob Phillips of Sulphur Springs, Texas, to promote breeding. Mr. Phillips purchased these hogs while on a visit to this county last May, but was unable to ship them to Texas owing to the fact that they were not vaccinated. This was changed and the shipment will now be received with only single treatment given.

Mr. Phillips also took some stock in the Standard Poland-China Record Association while here. The association will pay the freight of these hogs to Texas, so the board of directors decided yesterday at their meeting. Mr. Phillips is president of the North Texas breeders' association.

The pigs were purchased by Mr. Phillips from the following breeders here: 30 head from O. J. Willhoite, 3 from Henry Foster & Son, 25 from F. P. Robinson & Co., all of Maryville; 19 from B. T. Wray of Hopkins; 5 from W. B. Gex and 10 from W. M. Weston of Graham; and 6 from Joseph Wolfer & Son of Conception Junction.

## TICKET SALE BRINGS \$1181

Success of Chautauqua From Financial Standpoint Assured by the Work of Guarantors.

The advance sale of Chautauqua tickets by guarantors for the event, which will take place the first week in August, amounted to \$1181.50. Since the amount to be supplied by the guarantors is but \$1,500 there is every indication that the Chautauqua will pay out this year.

Quite the most delightful feature of the Chautauqua this year will be the tenting facilities which will be offered to those who care to camp out during the week. Fred P. Robinson, in charge of this work, urges persons to decide at once on their groups and make arrangements to rest their tents. At the last moment there will be a great demand for these accommodations, and only fifty tents will be available.

In other years the joy of camping out has added greatly to the interest of the Chautauqua, and, no doubt, the return to the former custom will be heartily welcomed by the lovers of tent life.

## SECOND KIDNAPPING FAILS

Three Men Foiled in Attempt to Take 4-Year-Old Isabel Hughes of Springfield From Crib.

Special to The Democrat-Forum.

Springfield, Mo., July 12.—An attempt to kidnap 4-year-old Isabel Hughes, daughter of Lloyd Hughes, a business man, was frustrated early this morning. The parents awakened and saw three men standing over the baby's crib. Mrs. Hughes screamed and Mr. Hughes grappled with one of the gang while the other two ran. The wife grabbed the child and ran up stairs. Hughes was struck on the head and rolled under the bed. The third man then escaped. The circumstances were similar to the Keet kidnapping.

## SAYS HUSBAND LEFT HER

Edith R. Carey Asks For Divorce From Benjamin Franklin Carey and Wants Maiden Name Restored.

Desertion is the charge set forth by Edith R. Carey in her petition for divorce from Benjamin Franklin Carey, which was filed in the office of Circuit Clerk today, through Shinabargar, Blagg and Ellison, attorneys.

Mrs. Carey says she was married December 18, 1912, and lived with her husband until July 4, 1916, when he left home and refused to return. She asks that her maiden name, Edith Hayworth be restored.

American Headquarters in France, July 12.—The American troops traveled through France enroute for a permanent base today. Their trip was a triumphant procession, and they were received everywhere with cheers, flags, flowers and presents.

T. R. D. Wolf, Mrs. D. A. Sargent, and Mrs. Ed Donlin of Hopkins are among the out-of-town people in Maryville today.

## DRAFT REGULATIONS

REVISED CENSUS ESTIMATE USED TO GET STATE'S APPORTIONMENT

## LEARN SERIAL NUMBERS

If Young Man Is Drawn He Will Receive Notice to Appear Before Exemption Board.

Special to The Democrat-Forum.

Washington, July 12.—A so-called revised census estimate for the entire country, compiled on the basis of the draft registration, will be used for determining apportionments. Each city or state must furnish 9.32 per cent of its paper population. Missouri's population was figured at 3,240,879.

The first 687,000 young men will be selected some time next week. The registrant must learn his serial number. If it is drawn, he will receive notice to appear on a certain day for physical examination.

If a Man Passes.

If he passes the examination he has seven days in which to file a claim for exemption, if he has dependents. He has ten days more to file the affidavits, and copies of all the blanks can be had at the exemption office of his district. If he claims an exemption because of industry, he can get the blanks there to present to the district board. The boards will do the rest.

Provost Marshal General Crowder called special attention today to the provision for "absentees." If a person who is out of the city and will be out of the city for some time is drawn, he waits until after the drawing and then sends an application to his home board to have his case transferred to the city in which he is living. He can take his physical examination and make his claim for exemption there. That board will pass on his case and certify the result back home. But he must wait until he is drawn before asking for a transfer.

Duty to Claim Exemption.

General Crowder emphasized that the provision calling upon the person who has dependents to claim an exemption and file affidavits supporting his claim did not place any onus on the individual. The government, he said, wanted all persons who have actual dependents on their labor to present this claim—that it was their duty to do so. Failing to do so, however, he pointed out that the wife or a third party, even knowing the case, could call the board's attention to the case by filing the claim. The purpose of the government, it was explained, is not to force persons who should stay at home into the army, but to compel every person who has no valid excuse for not going to war to serve if he is drawn.

NEW RULING ON DRAFT.

Washington, July 11.—General Crowder issued a ruling today which will allow men chosen who are away from home to appear before the exemption boards nearest them for an examination.

LOCAL GUARDS TO FORT SILL.

Final Selection of Missouri-Kansas Training Camp Made.

Special to The Democrat-Forum.

Washington, July 12.—Another change in plans for the camp for the Missouri-Kansas division of the national guard, due to a re-adjustment of railroad routings, has been announced. Under the present schedule the Kansas-Missouri division will train at Fort Sill, Okla., as originally announced, instead of at Deming, N. Mex. The Minnesota, Nebraska and Iowa division will train at Deming, N. Mex., instead. This selection will stand, it was stated.

Return from Kirksville.

Halbert Catterson, Jr., who has been to Kirksville, where he had an operation performed on his throat, returned to Maryville Saturday with his mother, Mrs. Hal Catterson. While in Kirksville, Mrs. Catterson was a guest of Dr. and Mrs. George Still and Dr. and Mrs. S. S. Still. Mrs. Catterson and her son also stopped in Centralia, where they visited with their cousin, R. B. Roberts and family.

Indians Give Squaws Vote.

Benndji, Minn., July 12.—The Chipewewa Indians in council voted 2 to 1 to give the squaws the vote. Cora Coffey, a stenographer on the reservation led the fight for suffrage.

## ENJOYS BIG GROWTH

POLAND-CHINA ASS'N SHOWS A GREAT BUSINESS INCREASE.

## DIRECTORS HEAR REPORT

If Business Continues Good, A 10 Per Cent Dividend Will Be Declared On the Stock.

The Standard Poland-China Record association has enjoyed a big growth in its business from January 1 to July 1, as compared to a corresponding period of last year, according to the report of Secretary Frank Garrett to the board of directors of the association, which met in Maryville yesterday. If business should continue as good the next six months, the directors voted yesterday to declare a 10 per cent dividend on the par value of the stock. This will be the first dividend declared by the association since 1902.

Last year was the biggest year the association ever had but this year so far has even exceeded that. The number of boars and sows recorded this year was 9,972 as compared to 8,708 last year, making a total net gain in animals recorded of 1,264.

The number of shares of stock sold was 72, while for the corresponding period last year it was 45.

The net gain in receipts was \$1,732.49. The receipts for recording, supplies, etc., this year was \$8,437.74 and last year it was \$6,705.05.

The resignation of Walter W. Head as a director, who recently moved from St. Joseph to Omaha was tabled by the board and they extended a vote of thanks to Mr. Head for his services. The reason for the resignation of Mr. Head was his removal from Missouri. There should be three members on the board from this state, and there are only two now. This will be taken up at the annual meeting of the association in January.

Other routine matters were discussed by the board.

## ARE PUSHING BRIDGE WORK

Two Bridges Nearing Completion and One Is Started by Workmen In the County.

Bridge work in the county is being pushed as rapidly as possible in order to insure safe travel on all of the highways. A gang of workmen are now building a steel bridge with concrete base at the Joe Miller place, north of Maryville.

The finishing touches have been put on a 40-foot wood span on a bridge, five miles northeast of Clearmont. Another bridge will be started today in Lincoln township, eight miles northwest of Elmo.

## STRAIGHTEN FOOD TANGLE

President Wilson Will Try at Request of Senate Leaders Who Say the Present Bill Won't Pass.

Special to The Democrat-Forum.

Washington, July 12.—President Wilson will again be asked to straighten out the tangle over the food and liquor bill in the senate. This was decided at a meeting of the senate leaders after it became apparent that the bill will never pass in its present form.

Senator Martin intends to confer with President Wilson and to learn his views.

## SMALL MEN GOOD SOLDIERS

Revised Opinion of War Dept. Results in Opening Army Ranks to Undersized Recruits.

Special to The Democrat-Forum.

Washington, July 11.—Small men make as good soldiers as big men in the revised opinion of the war department, which has instructed recruiting stations to open the ranks of the regular army to men no more than five feet one inch in height and who weigh only 110 pounds.

The order was issued on the basis of a recommendation made by Surgeon General Gorgas, who advised that good men were being kept out by the minimum height and weight of five feet four inches and 120 pounds.

The new orders will have a wide effect in national guard recruiting and probably selections for the regular army. Regular army standards govern both of these services in a general way.

SPEAKING OF MEDALS, THERE ARE OTHERS.

## URGENT COAL BUYING FOR COUNTY FAIR

MARYVILLE DEALERS SAY NOW IS THE TIME TO STOCK CELLARS.

## PRICE WON'T GO DOWN

Lack of Facilities for Transportation and of Labor Will Cause Shortage Again This Fall.

"Buy your coal now," is the advice of Maryville coal dealers, who will give no assurance that the prices on coal will be any lower as time goes on.

Dealers in general do not look for any reduction in the price of coal in the fall, but they do expect a shortage of coal because of a possible lack of labor and facilities for transportation.

One coal dealer said this morning that he had not given out any word to the public regarding the possible rise in the price of coal but that he had spoken to all of his best customers and had advised them to stock up their basements with a winter's supply. In this way they could not only protect themselves from the increased price, but they would help to relieve the pressure during the cold weather and allow persons who could only buy one ton of coal at a time to be the purchasers of the supply.

The coal dealers report a large sale of coal to those who can afford to buy ahead. Some persons have their basements stocked with the commodity, but when they do this they are advised to buy only the best grades of coal because of the slight danger of fire.

Coal has gone higher in the last week or so, due to lack of transportation facilities and to the scarcity of labor. Dealers generally do not believe that there is much chance that the government regulation will reduce the price of coal in this district. In fact, one coal dealer claims that the wholesale price of coal has risen from 25 cents to 50 cents a hundred since the price on the coal was fixed by the Council of Defense and the other members of the commission.

If the orders for coal are placed early enough by the persons who can afford to put in their coal, there will be no trouble next fall, but if the people wait until the crop moving time to order their coal, the chances are that no coal can be moved due to the shortage of cars. That will also be the time when the drafted army will be transported, which will add another difficulty to the situation, say the dealers.

Polk Township Fund Is \$6,926.19.  
The Red Cross fund in Polk township is lacking \$406.81 of its allotment, according to the latest figures given out by Fred P. Robinson, secretary of the chapter. The total for the county is now \$6,926.19.

## TOM FLEMING NOT FOUND

Young Andrew County Farmer Who Disappeared Monday Has Not Been Heard From, Relatives Say.

Tom Fleming, the young Andrew county farmer, whose mysterious disappearance is baffling his relatives today, has not yet been heard from. His father, W. C. Fleming, his brother, Dale Fleming and John Tuttle, all of whom were in Maryville yesterday searching for the young man, returned to their homes last night without any clue that would lead to the discovery of his whereabouts.

The police at St. Joseph and other places of Northwest Missouri were notified, but have sent in no word as yet.

Young Fleming had on dark colored trousers, a work shirt and wore no coat when last seen.

No reason for his disappearance can be given by his relatives as his home relations were of the pleasantest. It is thought that he may have become overheated working in the sun and that his mind became affected. A few years ago he wandered off and was gone several days, when he was found by a searching party in some woods near Fillmore.

Roy Lyle of Burlington Junction, Solon Clark and Walter Wray of Maryville went to Kansas City yesterday to bring back Dodge and Haynes cars.

**INTERRED AT ELLIS ISLAND.**  
Special to The Democrat-Forum.

## GIVES \$2,000 TO CHURCHES

H. A. Smith, Who Died at Clyde Sunday Leaves Farm to His Sister in His Will.

One thousand dollars to the Immaculate Conception church at Conception to be used for the cemetery, and \$1,000 for St. Benedict's church at Clyde were two of the bequests in the will of Henry A. Smith, who died at Clyde Sunday. In addition to this, he left his farm, near Clyde to his sister, Sibbie Garrard, and the residue of his estate to J. J. Enis, a life-long friend.

The will was dated June 4, 1917, and

was witnessed by Leona B. Enis and James M. Enis.

### To Examine Prospective Officers.

Special to The Democrat-Forum.  
St. Louis, July 12.—Three Missouri examining boards created recently by the War Department will begin a tour of the state Sunday, examining applicants for the new officers' reserve corps. The new officers' training camp will open August 27 at Fort Riley.

Applications must be received by Sunday to be accepted, it was announced. It is believed examinations will be completed before August 15.

S. O. Keever of Skidmore is among the out-of-town people in Maryville today.

### Great Progress in Dressings' Work.

Miss Lucile Porter of Northboro, Mo., who is in charge of the Surgical Dressings class at Burlington Junction, reports a splendid attendance at the morning and afternoon sessions. Miss Porter will teach all of the dressing and then the women will make those which are most needed by the Red Cross in their work.

## The Modern Spirit

of co-operation, the spirit which animates all successful business, prevails in the organization of our Federal Reserve Bank.

We own stock in it. We keep our reserve cash in it. We have a voice in electing its directors and through them in choosing its management. It is our bank, and its resources enable us at all times to meet the legitimate banking requirements of our community.

You, in turn, can co-operate with us in maintaining the Federal Reserve Banking System, and at the same time share in its benefits and protection, by becoming one of our depositors.

### ROAD BOND ACTIVITIES.

Southeast Missouri is thoroughly imbued with the good roads spirit, bond issue election campaigns having been called for the first week in August in Scott, Mississippi and New Madrid counties. The State Highway Department has been requested to render assistance in these campaigns and in response has forwarded a compilation of suggestions and arguments used successfully by A. C. McKibbin, secretary of the state highway board, in St. Louis, Jefferson, Wayne and Dent counties, where road bond campaigns were conducted with success. This information and data is available for all counties contemplating the adoption of a bond issue for road and bridge purposes.

## Corsets

The wearer of Corsets wants a comfortable fitting service giving corset no matter as to the name it is sold under.

### W. B. and C. B. Corsets

are not made to take second place when service-style-fit and price enter into the buying.

Wearers of W. B. and C. B. Corsets do not shop about the second time to find a better corset for in no other make of corsets will you find as good a corset for the same price. We suggest that you try these makes when in need of a new one.

### PLAID GINGHAMS

Are now in big demand for summer dresses—its the most popular fabric in the dress goods line today. You must have a Gingham Dress to make your summer wardrobe complete—in fact you should have two or three. We have just received our fall shipment and the patterns and colorings were never prettier—they will instantly meet with your approval. We want you to know we have these new goods so you will choose your new dress before the best patterns are sold for they are going every day. Come in Friday or Saturday.

We have just received the new styles in Ladies Home Journal patterns that will give you new ideas in making up your new dresses. Prices are only 10 and 15c—why pay 20 and 30c for other patterns.

### Buy Your Hosiery, Gloves and Underwear

From us. We sell only the best makes and at prices lower than other stores—proof furnish if wanted.

A lady told us the other day that we sold the best Hosiery in town—that she had tried all other stores but found us the best. Prices are lower where quality is considered too.

## ASKED TO REGISTER

LISTING OF WOMEN FOR WAR  
WORK NOT COMPULSORY

### THERE IS NO AGE LIMIT

Most Women Will Regard It as Obligatory to Do Part for Country, Leaders Believe.

Every woman in Missouri will be asked to register for service on July 28, so her name will be listed among the women of America who desire to help win the war. Registration will be conducted under the auspices of the Women's Committee (Missouri Division), National Council of Defense and will be under the direction of Mrs. Frank P. Hays of St. Louis, chairman of registration for Missouri. It will be conducted by wards and precincts, following the lines of the recent draft registration of men on June 5, but will have several vital points of difference from that registration.

Important among these are the facts that the registration is not compulsory, that there is no age limit, and that every woman in the state is eligible to register. Registration of women cannot be made compulsory in a non-suffrage state, but most women will regard it as obligatory upon them to announce themselves ready to do their part for their country in the present crisis, members of the Women's Defense Council believe.

The registration of women for service carries no legal obligation. It does not compel the women registering to do the thing for which they have registered except as any promise to perform binds the person giving the promise. The purpose of the registration is to list, classify and catalogue the women of the country, so that in time of need it will be possible to find those best fitted to do certain work. Each woman registering is asked to state the kind of service she prefers to perform, also what kind of work she knows best how to do.

Home work, professional work and skilled labor, all are equally important. The registration cards, if filled out properly, show the age, previous experience, education, nationality, financial condition, and other important facts concerning the signers, and will be a complete index of the women of the United States.

On the same day on July 28, same place and time, the Woman's Committee of the State Council of Defense, will take registrations on the Hoover pledge. The Hoover pledge is mainly for the housewives who will pledge themselves on the Hoover card to conserve food, and in fact to conserve in every possible way.

The census of 1914 shows 1,800,000 women in Missouri. The Council of National Defense expects that all of these will register, and many more, as even children can serve in these stressful times. The conservation of food, Red Cross service, conservation of health, and many other departments are covered by the Council of National Defense. A woman need not be in business to register. Home service, home economics, the welfare of children, count for just as much in sound government as the public speaker or the woman in the vocational field.

To help finance the work of the Woman's Committee, a voluntary registration fee, in any amount from one cent and up, will be asked with each registration.

The following occupations are recommended by the department:

Agricultural—Dairy, farm, fruit growing, gardening, poultry raising.

Clerical—Bookkeeping, filing and indexing, stenography, telegraphy, wire or wireless, telephone, typewriting.

Domestic—Care of children, cooking, housekeeping, laundress, mending, sewing, waitress.

Industrial—Clerks (stores), factory—trade? factory inspector, handicraft—kind? janitress, needle trades.

Professional—Dietitian, doctor, interpreter, journalist, lawyer, lecturer, teacher.

## GREAT CONTRALTO SINGER HAS BEEN SECURED FOR A CONCERT

The announcement that Elsie Baker, America's foremost contralto, has been secured for an afternoon concert at Chautauqua marks another step forward for the Redpath Vawter System and broadens the field of activity for the great artists. Through the years the standard of the music and entertainment offered from the Redpath Vawter platform has been gradually strengthened as the people came to care for the better things and the engagement of Elsie Baker is but the natural step in the upward trend of Chautauqua programs.

Elsie Baker

A VICTOR STAR

It is said that Elsie Baker has made more records for the Victor people than has any other individual artist. Regardless of this fact, it is certain that her records, especially the ones of the old heart songs, have gladdened and sweetened countless homes. Miss Baker's beautiful contralto voice, rich in sympathetic quality, is just the kind that touches the human heart strings and gives the old songs of other days an added beauty.

### WIDE RANGE OF VOICE

Elsie Baker is a thoroughbred American. She was born in this country of American parentage, and has done all of her studying here. She began her musical career as a choir girl in Philadelphia. Her voice attracted unusual attention and upon the advice of friends her people sent her to New York for study. Since her very entrance into Metropolitan musical circles she has been a favorite. Her voice is one of those rare contraltos that enables its possessor to sing a wide number of roles and music of every known school. The upper range of her voice has the sweetness of the mezzo-soprano.

### All Stars Defeat the Giants.

The young Maryville All-Stars defeated the Western Giants yesterday at the Normal grounds by a score of 14 to 6.

The batteries for the All-Stars were Kiegan and Rigney, and for the Giants were Wolf, Fannen and Ferritor.

Wolf showed bad work in the seventh. The line-up for the All-Stars was: Laughlin, 2b; Arnett, 3b; Rigney, 1b; Harman, 1b; Rigney, c; Lahr, ss; Keigan, p; Albert Miller, rf; Miller, cf. Leo Halasey was the umpire.

Miss Azella Basford of Maryville left today for Waterloo, Ia., where she will spend her vacation with her brother, Mark Basford.

### INVEST IN OIL.

See Our Representative at the Liv. ville Hotel, Friday and Saturday.

The Western States Petroleum company affords you an opportunity that is seldom met with. Whether you grasp it or not is entirely up to you. We can only explain what we have to offer and assure you that had we not been convinced of the big future of this company we would not have placed our own money in it.

The Western States Petroleum company is incorporated under the laws of the state of Wyoming, with a capital stock of \$200,000. Every share of stock carries a par value of one dollar. That means that the profits will have to be divided between only a few shareholders—each receiving a lion's share. Compare this small stock issue with that of companies with enormous capitalization and small par value and you will see that the small investor in this company has many times the chance to realize big from his holdings.

Our rig is bought and all paid for and only a small amount of money is needed to start drilling. Every dollar we receive from the sale of stock will be used in operating and as soon as the oil is struck the stock will be withdrawn from the market, for it will be too valuable to be sold to the public.—Adv.

### Keep Cool Cooking on Warm Summer Mornings

Turn to the bright little, light little stove with the long blue chimney. Touch a match to the wick. Put the coffee on. Get out the griddle and have breakfast ready in twenty minutes. Yourself as cool and fresh as when you came to the kitchen. Breakfast over and dishes done you turn down the wick and the fire is out. The morning is yours.

No black pots to clean and to coarsen your hands. No wood or coal, or ashes to think about. No fire to die out and every atom of fuel is used for heat when you want to use it.

### Get a New Perfection Oil Cook Stove

Look for the triangle trade mark. For fine cooking, for quick service, for a clean kitchen, for cool comfort, for saving one-third of your fuel bill. Easy to light, easy to refill, easy to rewick. Ask your dealer to demonstrate this stove.

### A SURVEY OF OUR RURAL SCHOOLS.

Gov. Gardner has directed State Superintendent of Public Schools Lamkin to undertake a survey of the rural schools of Missouri. The purpose is to make an official record of those deficiencies which have caused Missouri's rural schools to be classified as the thirty-second in efficiency among the schools of the various states, and the Superintendent is given a year to do the work.

The survey would be valueless, of course, except as a preliminary to a vigorous effort for raising standards. Whatever the details that evidence inadequacy to the work our schools ought to do, educational efficiency will be found largely a matter of money. Only poorly equipped, incompetent teachers will be available in districts where revenues are insufficient to provide more pay than the average paid to farm hands. Even teachers of fair ability are handicapped in obtaining desired results without proper buildings and the usual educational aids and appliances. Our State subsidy to common school is absurdly small. The reason all other states of Missouri's rank stand higher in school efficiency is because they provide a more generous fund.

Missouri must reconcile itself to the necessity of doubling its State school fund. In moving toward an increase in the appropriation, a survey showing our actual needs will serve an excellent purpose.—St. Louis Post-Dispatch.

### ACT QUICKLY.

Delay Has Been Dangerous in Maryville.

Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger Doan's Kidney Pills are most effective.

Plenty of Maryville evidence of their worth.

Mrs. K. E. Ratcliffe, 816 N. Walnut St., Maryville, says: "Every morning I used to get up with the most terrible backaches. It seemed as though my back would break. My head ached a great deal and I was awfully dizzy, too. My kidneys acted so frequently that my rest was disturbed many times during the night. I saw Doan's Kidney Pills so highly recommended that I got some at Love & Gaugh's Drug Store. They proved highly successful and removed the trouble. It hasn't been necessary for me to use a kidney medicine now for over four years."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ratcliffe had. Foster-Milburn Co., Props., Buffalo, N. Y.

## A BOLD ATTEMPT

By ETHEL HOLMES

At 5 o'clock in the afternoon Mark Trevor locked his desk and went home. Having let himself in with his latch-key, he went upstairs stealthily, for it had occurred to him to enter his wife's room quietly, and if her back were toward him he would put his arms about her and surprise her with a kiss.

From this it will be supposed—and correctly—that Mr. and Mrs. Trevor had not been long married.

Cautiously pushing the door open, he saw standing before a dresser, hunting in one of the drawers, a woman. In another moment she caught sight of his reflection in the mirror. Turning, she faced him.

"Madam," he said, "what are you doing here?"

"I came for your wife's jewels. But since I have not found them and have been interrupted in my search I will put in operation a scheme which I devised and for which I prepared before coming here in case I should fail in obtaining the jewels. Your wife is not in the house. I left her some ten minutes ago at the door of a friend of hers with whom she was exchanging a few last words before parting. Knowing the disposition of my sex to prolong those few parting words, I believed I would have plenty of time to come here and at least make a beginning."

Opening a reticule, she took out a bit of paper and handed it to Trevor. It was a note for \$1,000.

"Sign it," said the woman.

"I will do no such thing."

"Yes, you will when you have heard my reasons why it would be best for you to do so. Your wife will be here in a few minutes." She had got between Trevor and the door, locked it and put the key in her reticule. "She will find you locked in here with me. I will plead guilty and ask her forgiveness. Your domestic happiness will be ended."

Unfortunately for this part of the woman's plan, at this moment the front door was heard to close. Mrs. Trevor had finished the "few parting words" with her friend and reached her home. Ascending the stairs, she attempted to open the door of her room and found it locked.

"Open the door," said Trevor sternly. The woman produced the key and did as she was directed. Trevor threw open the door. The woman covered in a corner, affecting shame and contrition. Mrs. Trevor stood looking from one to the other, first with amazement, then with pain.

"Oh, Mark," she wailed, "how could you?"

"This woman"—Trevor began, but the criminal stopped him.

"Forgive me, Mrs. Trevor," she said. "I have injured you in stepping in between you and your husband. Mark loved me before he ever saw you. He really belongs to me rather than to you. He will deny what I say. He will give his own explanation of my being here. He will lie to you, as he has lied to me. Believe him if you will, but I assure you he is not to be believed."

Mrs. Trevor cast an appealing glance at her husband. He pleaded with him to set himself right, though convicted by overwhelming evidence.

"Eileen"—he began again, and again the woman drowned his words.

"Don't listen to him," she said. "I will tell you the true story in a few words. Several years ago he found me an unsuspecting country girl. His words were very sweet. He told me that in me he had met his fate, of all the girls he had ever met I was the only one to whom his heart"

At this point the woman began edging around toward the door. Mrs. Trevor shrank away before her, leaving the way clear. Trevor stood overwhelmed, paralyzed with the self-confessed thief's unblinking assurance. Then the wife found voice to say to the woman:

"Leave!"

"I obey you. I leave you with the man who has blighted my life. Would that you had been left in ignorance of his true character! Never again will I"

She was about to back out of the door when Trevor sprang forward, closed it, turned the key and put it in his pocket.

"You will never again play such a bold game with me, for I shall put it out of your power to do so. Give me that reticule."

The woman turned pale. She grasped the reticule the tighter.

"Eileen," said Trevor, "take the bag from her. I don't wish to use force with a woman."

"What do you wish with it?" asked the wife.

"It contains the proof that this woman is a leeching blackmail."

Eileen advanced toward the woman, who, opening the bag, took out an ivory handled pistol and leveled it at her adversary. Eileen drew back, but her husband, ignoring the weapon, advanced to the thief and took the reticule out of her hand; then opening it he took out the unsigned note. After explaining the woman's scheme to Eileen and convincing her of his innocence he unlocked the door and told her to go and telephone for the police.

Trevor stood guard over the woman till the arrival of a patrol wagon from a police office, and she was removed to the city jail to await trial on a charge of levying blackmail.

Peace returned to the Trevor family, and the blackmail was sent to serve a term in state prison.

### STATES READY FOR DRAFT.

Special to The Democrat-Forum. Washington, July 12.—While only twenty-one states have been organized completely, every state but New York will be ready shortly. New York is still trying to organize its exemption board.

### WANTS MASS. "BONE DRY."

Special to The Democrat-Forum. Boston, July 12.—The committee on liquor traffic voted to report the prohibition amendment provided that Massachusetts would become "bone dry" May 1, 1918. The amendment allowing beers and light wines was voted down.

Mrs. Frank Reavis, who has been visiting her sister, Miss Coga Thumel, who is ill at the Noyes hospital in St. Joseph, returned last night to her home in Maryville.

## DR. NAN SPERRY REAL REFORMER

Assistant Labor Commissioner of Missouri at Chautauqua

### SHE HAS THE FACTS

Speaker Is Not a Theorist, She Has Worked in the Sweet Shops and Factories of the City

Every girl in this community, and the father and mother of every girl, should make an extra effort to hear Dr. Nan Sperry lecture at Chautauqua. Dr. Sperry is Factory Inspector of Kansas City and Assistant Labor Commissioner of Missouri. She knows the trials and the temptations which are placed in the path of the girl from the

Mrs. Nan Sperry

country and smaller towns who go to the city to work.

### WARNS THE GIRLS

Dr. Sperry does not come as a theoretical sentimentalist to prate about the "cruel, cruel world." She comes as an authority on the social problems which confront the girls and women in industry. Her information comes from facts gathered from personal experience. She knows what she is talking about. She has been responsible for the enactment of much social legislation in Missouri.

## GOV. WILLIS IS LEADING ORATOR

Former Ohio Executive Ranked Best Republican Orator Nominated BURTON

Frank B. Willis, former governor of Ohio, who is to deliver an address at Chautauqua, is considered to be one of the foremost orators in the ranks of the Republican party. His speech nominating the Hon. Theodore Burton of Ohio for the presidency at the Chicago convention in 1916, was the oratorical masterpiece of the convention and secured for Mr. Willis himself four votes for the nomination although his name had not been presented.

### PATRIOTIC SPEAKER

Sunday evening, April 15, 1917, the Hon. Mr. Willis addressed the Chicago Sunday Evening Club in Orchestra hall. This club meets every Sunday night during the winter and spring

GOVERNOR FRANK B. WILLIS of Ohio.

and has been addressed by the leading men of the nation. On the occasion of Gov. Willis' address the great auditorium and all of the balconies were filled. Chicago papers next day described his address as one of the "most masterful speeches in the history of the Sunday Evening Club." His subject, "The National Spirit," was intensely patriotic. Much of the material used in that address will be included in his Chautauqua lecture.

### A SPLENDID RECORD

Gov. Willis was for a number of years a member of the faculty of Ohio Northern University. He was elected to the United States congress and served two terms, acquitting himself in a manner which brought honor to his state and made him the logical party nominee for the governorship. Native ability, scholarly attainment, thorough experience in large affairs of state and nation coupled with a fundamental democracy of spirit—these are the characteristics of Ohio's former executive.

## Doney Bush, Tiger Shortstop

Among the shortstops of the American league none has a better record for reaching first base than Owen (Doney) Bush of the Detroit team. Although not a heavy batter—none of the smart shortstops of the American league are

so considered—Bush is a marvel in getting on the initial sack. Jennings, disgruntled over the poor showing of his Tigers, displaced Bush from the top of the batting order, which he had held since joining the team. Hughes, however, soon changed his mind, and Bush is again lead off man. If the rest of the Detroit team was playing as well as Bush the Detroiters would be higher up in the standing of the clubs.

### Jack Murray Released.

Outfielder Jack Murray has been unconditionally released by the New York Giants under the "ten years' service" rule, which says that a major league player of ten years' experience cannot be sent to the minor leagues without his consent. This is the second time that Murray has been released by the Giants under the same rule. After he got his first release from New York Murray signed with the Cubs. Later he was released to Toronto of the International league, where he played brilliant ball. Murray secured his unconditional release from Toronto last winter, presumably to accept the management of a minor league club, but later signed with the Giants.

### Brainard a Slugger.

Fred Brainard, who was tried out at third base by McGraw last season, bids fair to be the leading long distance hitter of the International league this season. Brainard now is a member of the Montreal club, playing at second base.

### Certainly Not.

Mr. Liberty—I'm going to get you a piano, dear.  
Mrs. Liberty—Oh, yes, you say you are, but your girls always have strings to them.  
"Well, you wouldn't want a piano without strings, would you?"—St. Louis Post-Dispatch.

## Cottage Cheese a Cheap Substitute For Meat

Cottage cheese is richer in protein than most meats and is very much cheaper. Every pound contains more than three ounces of protein, the chief material for body building. It is also a valuable source of energy, though not so high as foods with more fat. It follows that its value in this respect can be greatly increased by serving it with cream, as is so commonly done.

The following recipes illustrate a number of ways in which cottage cheese may be served:

Cottage Cheese Rolls.—A large variety of rolls suitable for serving as the main dish at dinner may be made by combining legumes (beans of various kinds, cowpeas, lentils or peas) with cottage cheese and adding bread-crumbs to make the mixture thick enough to form into a roll. Beans are usually mashed, but peas or small lima beans may be combined whole with bread-crumbs and cottage cheese, and enough of the liquor in which the vegetables have been cooked may be added to get the right consistency, or instead of beans or peas chopped spinach, beet tops or head lettuce may be added. Bake in a moderate oven, basting frequently.

Boston Roast.—A pound can of kidney beans or equivalent quantity of cooked beans, one-half pound of cottage cheese, bread-crumbs, salt. Mash the beans or put them through a meat grinder. Add the cheese and bread-crumbs enough to make the mixture sufficiently stiff to be formed into a roll. Bake in a moderate oven, basting occasionally with butter or other fat and water. Serve with tomato sauce. This dish may be flavored with chopped onions cooked in butter or other fat and a very little water until tender.

# "OVER THERE"

The Thrill and Hell of the Trenches Described by an American Boy

We have secured a series of six articles by Sergeant Alexander McClintock of Lexington, Ky., and the Canadian army. He has a gripping tale that every American will read, for he tells the facts, unadorned. Wounded, a Distinguished Conduct medal man, he was invalided home, but is going "Over There" again to fight for Uncle Sam and his allies.

Feb. 14, 1917.

Sergeant Alexander McClintock served in the Eighty-seventh Battalion Canadian Grenadier guards from September, 1915, until November, 1916, the last four months of that time at the front in France, where he gained the Distinguished Conduct medal by his devotion to duty and bravery under fire.

As his former commanding officer I can testify as to his good qualities, and I consider he would make a valuable officer.

(Signed) F. S. MEIGHEN,  
Brigadier General, Commanding Canadian Training Division, Bramshott.

NO. 1.—In Training. How the men are finally brought to the firing line. A description of conditions that our own boys and their parents will read eagerly.

NO. 2.—The Bomb Raid. The great preparations and rehearsing for this attack. The line where the German trenches are exactly reproduced. The days of preparation. Heretofore unwritten detail of modern trench raids. This article concludes with the men going out to their job.

NO. 3.—Over the Top and Give 'Em Hell. The English Tommy's battle cry as he breaks from his trench. The bomb raid and what happened. Of sixty that started forty-six failed to return because the Germans had prepared and mined the trench. Graphic description of Sergeant McClintock's terrible experience.

NO. 4.—Shifted to the Somme. Sergeant McClintock takes part in the greatest of

all battles and tells of the hell of it. "The front in Belgium was really a rest sector in comparison with it," he says. The extensive preparations of the allies for open warfare afterward abandoned because of the failure of expected developments.

NO. 5.—Wounded in Action. This article describes the terrible fight, the dead and dying, the loss of a pal and the final falling of McClintock to No Man's Land. Simply told, it is one of the most remarkable descriptions of a battle by a participant ever put together.

NO. 6.—Decorated For Bravery; Home and Uncle Sam. This concluding article of the series relates in detail how England cared for the wounded. How the king and queen came to the bed of an American boy and decorated him in a London hospital for gallantry. Interesting, intimate and amusing incidents told by and of the wounded Tommies. Trying to fight for Uncle Sam.

We will print one article each week for six weeks. Watch for the first installment.

## BOHUMIR KRYL'S GREAT BAND MAKES THIRD SUCCESSIVE TOUR

Famous Cornetist and His Bohemian Artists Return at Demand of People Over the Chautauqua Circuit

### PLAY PATRIOTIC NUMBERS

National Aids Will Not Be Lacking on Program—Kryl Has Established a Standard for Chautauqua Band Music

Bohumir Kryl and his famous Bohemian band will tour the Redpath Vawter Chautauqua circuit this season for the third successive time. Kryl and his musicians have established a standard in band music throughout the entire Redpath Vawter territory and indications are that the great cornetist has this season assembled the strongest organization he has ever directed.

A GREAT BAND. Although it is not customary to repeat even the best attractions for successive years it was found absolutely necessary to do so in the case of Kryl's organization. The demand for Kryl's return was practically unanimous from

Bohumir Kryl

the towns over the circuit. It is generally conceded that Kryl's band is one of the three great bands of America. It would have been impossible to have secured another organization which even approaches the famous Bohemian band in music making qualities.

Patriotic airs will not be lacking in the Kryl program this season. Although most of the program will be made up of the great descriptive numbers from the realm of the classics, nevertheless, there will be music in keeping with the spirit of the day and we may all expect to experience those patriotic thrills which a great band, playing the national airs, can produce.

The fifth day of Chautauqua will be "Band Day." There will be concerts both afternoon and evening.

## Good Printing

The kind of printing that pays dividends is the kind you should have. Pale, muddy, poorly arranged printed matter is worse than none. The quality of your business is judged by the quality of your stationery—inferior printing gives an impression of cheapness that is hard to overcome, while good printing carries with it a desirable suggestion of quality.

We produce only **QUALITY PRINTING**. Whether you want an inexpensive handbill or a letter head in colors, if you order it from us you will be sure of getting good work. We have the equipment and the "Know How" that enables us to get out really good printing—printing that impresses people and the good taste of its users. That is the only kind of printing that pays.
